

ABOUT LIBERTY IPS

Mission Statement

Liberty is dedicated to providing the tools families need to successfully prepare students for a comprehensive education through administration, consultation, accountability and social events.

Statement of faith

Although, Liberty Independent Private School is founded on Christian values, we believe that a statement of faith is written on one's countenance and not on a piece of paper. Therefore, we have standards of conduct not standards of religious belief. We welcome **ALL** peoples to our school regardless of race or religion.

HIGH SCHOOL STUDENTS

Preparing a homeschooler for graduation can be a daunting task. You can feel confident knowing that you have like-minded individuals that are here to help you stay on track and give advice when asked. We can help you with keeping detailed records, providing the administrative accountability that the state requires. We can also provide your homeschooled high school student a real college-acceptable diploma and real high school transcripts from a real accredited school, making their transition into post-secondary education as smooth as possible. We offer our high school students additional services, from work permits to Driver's Education. Liberty is designed to grow with the students.

WHAT CAN LIBERTY OFFER YOU?

The freedom to choose your child's educational path is important to you. You have the right and responsibility to choose the setting, curriculum and pace that is best for your child.

Liberty Independent Private School is a K-thru-12 non-traditional fully accredited private school, established to provide parents with the privacy and peace of mind they need to concentrate on the comprehensive education of their children. We support

your LIBERTY to educate your child in that wholesome and loving environment where learning is a natural part of everyday life – your home.
